

Additions

Make your new home as individual as you are

Every Bellway home comes with high quality fittings as standard, but to add that personal touch, you can also choose to upgrade to our range of options to make sure your new home feels distinctly different.

Most important of all, because we recognise that you want your new home to reflect your personal taste from day one, we will make sure that all your Additions choices are expertly fitted and finished by the time you move in.

Our range of Additions is carefully selected by development and as such, the options available may vary by location. To ensure that all of your choices are in place by the time you move in, orders can only be accepted up to certain stages in the construction process. Our Sales Advisors at the development will be happy to advise you on the range of options available.

Choose from our range of Additions covering the following areas:
